Meet the most compact Family of USB DJ Controllers ever.
Introducing the new DJ-Tech 101 SERIES, powered by Kontrol DJ.

These USB powered, Compact line controllers are designed to make the most of you valuable studio or live space, and are small enough to take with you on any musical journey. Place one, or why not a combination of 101 series in front of your laptop, rest one on your workstation, park one on a recording console- or anywhere else you need versatile and serious control over your DAW, Virtual instrument, effect of DJ software.

The family is composed of 4 models: CDJ-101, VTT-101, DJM-101 and MIX-101
CDJ-101 and VTT-101 are using the patented touch sensitive platter, offering 2 different style of turntable deck style.

MIX-101 is the smallest controller with a high resolution jog wheel for scratch of any other midi command of your choice.

With a 2 Channel DJ mixer, a Jog, 3 navigation Encoder, and assignable CUE,Loops and Samplers, MIX-101 is a total workstation solution to control any DJ software,virtual instrument or DAWs.

The incredible compact size and the super lightweight just let you bring MIX-101 to any of your gigs with a maximum of controls under your fingers.
